Republicans May Yet Cause Serious Delay.

HARRIS DESIRES TO VOTE

But the Chances are Even That the Republicans Will Try to Kill Time.

WASHINGTON, May 9.—Senators Aldrich and Allison, who are in charge of the republican side of the tariff bill, yesterday said to Senator Harris that they were in a position to state that for the present the republicans would observe the understanding in force before the suspension of the tariff debate, to allow the democrats to bring in their compromise bill, and Mr. Harris, acting for the democrats, agreed to proposition with the stipulation that the speech making should be proceeded with in a business-like manner, that there should be no dilatory motions. This agreement is likely to be broken at almost any time. The democrats are beginning to complain that some of the speeches made on the republican side are longer than need be, and intimate that if their opponents do not soon manifest a disposition to shorten them, they will give them more hours daily in which to speak.

The true reason for the reticence among republicans as to their intentions is due to the fact they are not yet absolutely satisfied as to the strength of the compromise. They still cling to the idea a sufficient number of the democratic senators will repudiate the bill to insure its defeat, and they do not care to yield the position they now hold. They are discussing the advisability of holding out indefinitely against the bill in case they are in the minority.

READY FOR FRIDAY.

Sketch of Irwin Rautenstrauch and Other High School Orators.

Principal Buchanan, of the Central High school at Kansas City has about perfected arrangements for the interstate high school oratorical contest.

The eloquent young people will speak their little pieces Friday evening. The assembly hall of the Central High school will be appropriately decorated for the occasion and while waiting for the orators to begin the audience will be entertained with the cleverest efforts of some of the best amateur musicians in that city.

George Herbert Forsee, the Central high school's contestant, of Kansas City, was born in Meridian, Miss., and is nearly 21 years of age. His father is S. S. Forsee and his two brothers are lawyers, with offices in the Sheldley building. The family has lived in Kansas City for the past seven years. Their home is at 1317 Bales avenue. Young Forsee entered the high school from the Humboldt school in 1890. He is the president of the class which graduates this June, and has been twice president of the Society of Literature and History of the high school.

Charles Steele, the contestant from Mexico, Mo., is a member of the junior class of the high school. He is 18 years of age, a native Missourian, was born and reared in the city of Mexico, and has never attended any other than the Mexico public schools. In the high school his work has been of exceptional excellence along the lines of history and rhetoricals.

Miss Fanny Day, the contestant from Kansas City, Kan., is a member of the third year class in the high school. She was born in Wyandotte county in 1878, and has resided there ever since, except for five years in St. Joseph, Mo. This is her first appearance in a contest.

Irwin Rautenstrauch was born of German parents in the city of St. Louis, September 19, 1876. His father moved to Sedalia when Irwin was 2 years old. At the age of six he entered the public schools and has always ranked among the first of his class. He has pursued the Latin course in the High school and is easily first in that department.

He is a member of the present

EXTRADITION TREATIES.

A Fugitive Can be Brought Back From Almost Any Country.

There is much speculation and inquiry just now among people of Sedalia and Pettis county as to whether a fugitive forger or embezzler can be returned from a foreign country to which he may have fled.

The DEMOCRAT has made investigation of the matter and is informed that extradition treaties are in operation between the United States and almost, if not quite all, foreign powers.

Time was, until a year or so ago, when absconding bank cashiers and other classes of criminals could take secure refuge in Canada, where the laws could not reach them, but that asylum has now been closed to all applicants.

There are comparatively recent instances of fugitives having been returned to this country from Mexico, South America and even New Zealand.

The subject is one of peculiar interest just now to this particular community.

AN ARMY IN SEDALIA.

Col. Frank McAllister Starts a Coxey Movement With Many Members.

For the past three weeks Col. Frank McAllister, the well known founder of the Sedalia Equalization society, has been making a close study of the Coxey uprising in various parts of the country and at length arrived at the conclusion that such a movement in this city is desirable and practicable.

Yesterday morning he started out through town on a kind of reconnoitering and recruiting tour and found the field so favorable that, by nightfall, he had secured 159 names.

These signers to the roster of the local army are said to represent nearly all classes, creeds and conditions of men, including not a few of the better known citizens of Sedalia.

Colonel McAllister stated to a DEMOCRAT representative that he found many men who are in favor of the cause, but who are not yet prepared to enlist in the local ranks.

"There is no intention to create any excitement, or to arouse any revolutionary feeling," said Colonel McAllister. "Our organization is in the nature of a home guard, whose duty it shall be to give substantial aid and encouragement to the enterprise inaugurated by General Coxey."

A mass meeting will be held in Sedalia next Tuesday night, when officers will be elected and arrangements made for opening recruiting headquarters.

Prompt Settlement.

The insurance on my residence and household goods, injured by fire, May 2, was adjusted and settled by F. E. Hoffman & Son in six days after the fire, and I highly appreciate their prompt payment with out discount.

The Bank Open to Receive Money Due But No Information for the Depositors.

Public interest in the affairs of the First National bank continues without abatement and rumors of all kind pass as current coin, gaining in dimensions the farther they fly.

The bank examiner desired to see Mr. Newkirk this morning in regard to some affairs of the bank, which required an explanation and, as Mr. Newkirk was too sick to leave his bed, he was driven to Mr. Newkirk's residence. The aged president and the bank examiner held an hour's consultation in the presence of Mr. Guenther and the examiner then returned to the bank.

This forenoon the following notice was placed upon the front door of the bank and hundreds of people flocked to the bank to learn what new announcement had been made:

Notice.

This bank is now in the hands of the comptroller of the currency and will be open to receive payment of all obligations due it, at 1 o'clock today.

Depositors can receive no information.

W. A. LATIMER, Examiner-in-Charge.

Mr. Latimer in explanation of the notice said that quite a number of notes due the bank were maturing, and he threw open the door for the accommodation of that class of creditors.

United States District Attorney Walker left yesterday afternoon for Kansas City and during this forenoon the wires were kept hot between Kansas City and the cities on the Atlantic

coast. If any trace of Mr. Thompson has been found it has been kept a profound secret.

The creditors of J. C. Thompson are using all legal methods to secure themselves by attaching property belonging to the cashier.

This afternoon Sheriff Porter ran attachments on the Broadway property of Mr. Thompson to secure \$445.50 due the Beck & Corbitt Iron company, of Chicago.

Bank Examiner Latimer is using heroic measures to secure the depositors against large loss. Acting under the advice of Attorney Walker, he has commenced suits by attachment against a number of persons and there is no doubt that a large amount of litigation will follow. Yesterday afternoon the carriage factory of Kelk Bros. was closed by the sheriff, who served an attachment in favor of the First National bank, which held Kelk Bros.' note for \$1,120.15.

An attachment suit against Geo. E. Dugan was also commenced to recover \$2,450, an action taken to sustain the attachment against Kelk Bros.

A FASHIONABLE EVENT.

The Ladies' Musical Union Concert at the Christian Church.

The spacious auditorium of the Christian church was crowded last night by one of Sedalia's most cultured and fashionable gatherings, the occasion being an entertainment by the Ladies' Musical Union of this city.

The scene of beauty, fashion and gallantry was truly inspiring and the concert was one of the finest ever heard in the Queen City.

CRANK AFTER MRS. LEASE.

He Writes a Letter Saying He Has Been Commanded to Kill Her.

WICHITA, Kan., May 9.—Yesterday the chief of police of this city received a letter from some crank residing at Kenyon, Minn., in which there was \$10 inclosed to buy pure-white flowers to be placed upon the body of Mrs. Lease on the day of her funeral, which he sets down for May 20.

He also specifies that a part of the money must be used to purchase oil to pour upon her feet. He says that the Nazarene came to him in vision with a cross of blood painted upon his breast and commanded him to kill Mrs. Lease on the 20th inst., so that her designs to subvert his kingdom on earth might be thwarted.

He alleges that the Nazarene also told him that President Cleveland was a man of honest purposes, who would eventually straighten out the kink that is at present in the business of the country, and that Prendergast, the slayer of Carter Harrison, was going to be made a full-fledged angel after being hung.

Mrs. Lease was at once notified of her danger.

To Marry in May.

The DEMOCRAT is in receipt of the following invitation:

"Mr. and Mrs. T. P. Potter request your presence at the marriage of their daughter, Mary V., to Mr. Logan C. Thomas, Wednesday, May 30, 1894, at 12 o'clock, at Clifton City, Mo.

"At home after June 25, Sedalia, Mo."

Miss Potter is said to be an attractive and accomplished young lady.

Mr. Thomas is the intelligent and popular business manager of the Sedalia Enterprise-Sentinel.

Excursion to Kansas City.

M. Griffin, the hustling city passenger agent of the Missouri Pacific railway at St. Louis, is in the city advertising an excursion to Kansas City Sunday, May 20. Among the many attractions offered is a big game of base ball between the Toledo and the Kansas City team, of the Western league. The fare for the round trip is \$1.50. The special train will leave Sedalia at 7:45 a. m., and returning leave Kansas City at 7:45 p. m.

Miss Harris' Success.

A gentleman who attended the concert given by Professor Goetze, of Moberly, at Boonville, last night says that Miss Beulah Harris, of Sedalia, who sang several selections, made a great hit and was received with praise and applause.

After the concert, which was attended by a large audience, the performers were delightfully entertained at the home of Major Henry Clark.

OFFICIAL PAPER OF THE CITY OF SEDALIA.

The man who believes in government
bounties to private enterprises
is not a democrat.

The democratic state convention
will adopt a platform that any man
who has intelligence enough to vote
can understand.

The nomination of Hon. John T.
Heard is certain, and his re-election
is equally sure. Three-fourths of
the voters in the district really en-
dorse the position of our congress-
man on all public questions.

The mistakes of the over-zealous
should by no means be permitted to
operate to the advantage of Breck-
inridge. He insults the moral sen-
timent of the district by his candi-
dacy, and that sentiment should de-
feathim.

The miners strike is growing se-
rious. Business enterprises are suf-
fering for lack of fuel, but in the
end the heaviest losses will fall as
usual upon the miners themselves
and the working people whom they
have thrown out of employment.

The people are determined that
the tariff barons, like other people,
shall live by enterprise, industry
and economy, rather than by gov-
ernment favor. This reform can
be made gradual or radical. The
choice is with the tariff barons
themselves.

The DEMOCRAT believes that
three representative business men
in whom the mayor and councilmen
have confidence, and who care
more for the city's interest than
they do for partisan politics or the
pie-counter, could bring about a
settlement of the deadlock in two
hours time.

The democratic members of the
council showed an earnest desire to
go ahead with important city busi-
ness Monday night, but it took an
earnest appeal from the city attor-
ney to induce the republican mem-
bers to take up anything but
politics. This shows plainly who
has delayed business that should
have been attended to.

MAYOR HASTAIN was an interested
observer of the play of Damon and
Pythias last night, and when Damon
appeared in the senate to question
the propriety of selecting Dionysius
as king, and the opposition began
to gather around the patriot, the
mayor was heard to remark to some
friends: "Boys, that looks mighty
like they are going to have a dead-
lock, and I'll just watch and see
how old Dion breaks it."

COUNCILMAN HANSBERGER de-
sires the DEMOCRAT to correct
the false statement made in the
Gazette this morning, to the effect
that he had voted against the con-
firmation of officers and crew of
fire engine No. 2. Mr. Hansberger
voted for the confirmation of officers
and crews of both engines. In-
deed, these appointments were
among those requested of the mayor
by the democratic aldermen.

If the senate shall defeat the
wishes of the American people in
the matter of tariff reform; if the
managers of the great protected in-
dustries, operating through a few
shrewd but unscrupulous tricksters
in the senate, shall defeat a moder-
ate, conservative tariff measure,
and thus set at defiance the plainly
expressed wish of the American
people, a strong argument will be
put in the mouths of those who
favor the abolishment of the senate
or the election of senators by a di-
rect vote of the people. If the
tariff barons are wise they will not

attempt by trickery and deceit to
defeat a reform that has been de-
manded by an overwhelming ma-
jority of voters; if the northeast is
wise it will not force sectionalism
any further.

The city council meets in ad-
journd session next Friday night,
and the DEMOCRAT sincerely hopes
the mayor and the members may
reach a basis for the satisfactory
settlement of their differences by
that time. The mere matter of ap-
pointments makes but little differ-
ence, but the mayor's absolute
refusal to name the committees to
look after the city affairs is a grave
danger. This neglect to look after
city finances at the proper time
has already resulted in the city
being compelled to borrow \$5,000
to pay its May interest that should
have been sent on to New York a
week or ten days before the First
National bank—the city depository
—closed its doors. This careles-
ness should not be carried further,
but conservative citizens should use
their influence to bring about a set-
tlement of the controversy and in-
duce the mayor to take his mind off
of the pie-counter long enough to
name the council committees.

HOW HE WAS TRUSTED.

The examination of the affairs of
the defunct First National bank
brings to light many instances
showing the implicit trust and con-
fidence reposed in Cashier Thomp-
son by shrewd and careful business
men as well as by the public gener-
ally.

It seems that his word in matters
of business was implicitly relied
upon by his friends, and it appears
now as if many will pay dearly for
this confidence.

This is the saddest feature of the
failure.

Men may be unfortunate in their
speculations and lose more money
than they can pay, and still main-
tain honor untarnished.

But, if one-half the reports are
true, the missing cashier has delib-
erately deceived those who trusted
him most implicitly and caused
them losses after he must have
known that it would be impossible
to repay them.

This, if true, is inexcusable. It
is worse than weakness. Worse
than misfortune!

The fall of the man is pitiable,
but the crimes charged are inex-
cusable.

If he is an absconder he will be
caught, in all human probability,
and the trial will furnish an inter-
esting problem to those given to
studying the human mind and
human character.

Duel With a Highwayman.

MACON, Mo., May 9.—While
Major William Troester, a saloon
keeper, was nearing his home in the
south part of this city last night
some one stepped in front of him
from the alley at the corner of his
yard, and, placing a pistol in the
major's face, commanded him to
hold up his hands. Troester did
not obey the command, dropped his
cane, stepped back and drew his
revolver. He attempted to shoot
the robber, but his pistol failed.

The robber then fired at Troester,
the powder flashing in his face.
Troester then shot at the robber and
the latter fired again and then ran,
the two men shooting at each other
while the robber was fleeing. One
of the first shots at Troester took
effect in his right hip. The ball
passed out under the skin 3 inches
further around toward his back.
Holes were pierced through sixteen
different pieces of cloth by the bul-
let. Troester's wound is serious,
but not fatal.

CAUGHT IN A TRAP.

A Missouri Colonel Has a Thrilling Ad-
venture in Washington.

WASHINGTON, D. C., May 9.—
One of the best known citizens of
St. Louis, and a member of the
leading clubs, who is also a wealthy
publisher, at present visiting Wash-
ington, had a narrow escape of his
life one night last week. He was
sitting in a summer garden, attached
to a saloon in company with several
Missouri congressmen. Overlook-
ing the garden are the side win-
dows of a hotel which is liberally
patronized by theatrical people.
The St. Louisian's attention was at-
tracted by a pretty woman in scant
toilet standing in one of the win-
dows. She is supposed to be a well
known soubrette. She and the St.
Louis clubman indulged in a lively
flirtation, and finally the actress
beckoned the man from St. Louis
to join her in her room. He ac-
cepted the invitation.

to the woman's apartment a sharp
and determined knock sounded up-
on the door. Although the St.
Louisian ranks as a Missouri colonel,
he immediately experienced great
fear. The door was broken open
and he saw before him either an
irate husband or a jealous lover, he
don't know which. With a terrible
oath, the man made for him. The
St. Louisian, thinking of the terri-
ble sensation an exposure would
cause in St. Louis society, seemed
powerless to defend himself. Physi-
cally he had no reason to fear, for
he stands over six feet in height

and in every way very handsome.
Recovering himself he made for the
intruder with the energy of a man
of 25 instead of a man of that of 50.
It was the contest of a giant with
an ordinary man, and the St.
Louisian fairly threw the intruder
over his head. Then he rushed

two shots at the retreating figure of
the St. Louis man, but aim was

Quayle Appointed.

Yesterday John E. Lynch, United
States marshal for the eastern dis-
trict of Missouri, appointed Police
Officer Chas. L. Quayle, who has
been on the police force in Moberly
for the past fourteen months, a
deputy United States marshal. Mr.
Quayle will assume the duties of his
new office about May 20th. He
will tender his resignation to the
council and will spend a few days
in recreation visiting friends and
relatives. C. L. Quayle has made
one of the most efficient, courteous
and fearless officers Moberly has
ever had, and while the citizens of
Moberly regret losing him, Marshal
Lynch is congratulated upon se-
curing so intelligent and efficient
deputy.

Officer Quayle has frequently
visited Sedalia and is well known
here.

Why we
Push the Kimball.

1st. Because we know it is worth pushing.

2nd. Because every Kimball customer helps
us to push it

Of Course We
Know That Worthless
Pianos and Organs are flade

in large quantities, because foolish people buy where price is
lowest, without giving a thought to quality. Anyone who thinks
will not buy a "piano at \$170, or an organ at \$30, guaranteed
for nineteen years," because it is cheap. Anyone who thus
thinks will avoid learning by experience that it would have
been cheaper to pay, say \$300 or \$400 for his piano. We can
furnish a new organ for \$30, but we will not. We live here and
have to "face the music," this year, and other years to come.

For musical excellence no house anywhere has
higher endorsement, no house in the known world has
a better reputation than the KIMBALL and that is
why we put our whole weight in favor of the Kimball.
We would rather bank our reputation where it will be
safe and solid. Oh, dear friends, come and see us,
then you also will be as much Kimball admirers as are
Yours truly,

RAILROAD RUMBLE.

A Bill Prepared to Govern Railway Receiverships.

KATY CHARTER CASE.

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

Representative Terry, of Arkansas, who, with Representatives Boatner and W. A. Stone, have been investigating Judge Jenkins' anti-strike injunctions, has prepared a bill designed to reform the practice by which Federal courts are practically engaging in the railroad business through the appointment of receivers. Most of the subsidized roads of the west are in the hands of receivers appointed by Federal courts. The courts thus secure absolute authority over railroads, and as the receiverships run from year to year, the courts succeed the railroad officials in conducting the business of the road.

Mr. Terry's bill will attempt to put a limit to these railroad receiverships, in order to avoid the charge that the courts are going into the railroad business. It is said that not only is the time of Federal courts consumed and their functions diverted by this practice, but many incidental abuses have sprung up.

One of these is the practice of cutting off all current debts for supplies, repairs, labor, etc., in order that the receivers may pay all the income of the road to the first mortgage bondholders. The latter usually apply for the appointment of receivers, and when the latter are appointed they cut off all debts save those to the bondholders.

Judge Caldwell, of the United States circuit court bench, has recognized this abuse, and in appointing a receiver for a railroad attached the condition that the receiver should pay debts due from the railroad for work, labor, materials, machinery, fixtures and supplies of every kind, including damages to persons or property which accrued after the execution of the mortgage under which the receiver was appointed. Mr. Terry's bill will seek to incorporate Judge Caldwell's ruling into permanent statute.

Katy Division Headquarters. There is no longer any doubt as to the division headquarters and round house of the Missouri, Kansas and Texas being located at Smithville, Texas. Over 150 men are at work in the yards laying side tracks.

The steam shovel at work a half mile from town is supplying them with over 100 cars of gravel for grading and surfacing the tracks. Two new bridges are being built over Gasley's creek near town. John Carey, of Atoka, I. T., tie contractor on this line, is on the ground looking after his interests. He has several thousand ties being made near there.—Denison Herald.

The Katy's Charter Case. The action brought by Attorney General Little, of Kansas, to revoke the Missouri, Kansas & Texas railroad company's charter in Kansas because that road would not maintain its general offices within the state, was called up in the United States district court in Fort Scott yesterday, and, according to an agreement between the attorneys, Judge Williams continued the hearing until May 23, at Little Rock, Arkansas.

Regarding the Rail. J. W. Allen, general freight agent of the M., K. & T., in Texas, arrived in Sedalia this morning.

Sam Irving, superintendent of car department, M., K. & T. railway, arrived from the south today from a tour of inspection.—Denison Herald.

A tramp on the Rock Island near Ringold found a broken rail and waited several hours to flag a train, averting what may have been a disastrous holocaust.

A committee of the 31 passenger conductors who were discharged not long ago on the Big Four has asked President Ingalls when he will give the committee a hearing.

Gen. Supt. H. G. Clark and Supt. L. D. Hopkins passed through this afternoon by special train from the north. Div. Supt. Kellar met the party at Harrisonville and accompanied them over his line.—Nevada Mail.

The annual stockholders' meeting

of the Missouri, Kansas and Eastern will be held Saturday at the offices of the Missouri, Kansas and Texas in St. Louis. The M., K. & E. is leased by the Katy and constitutes its St. Louis division.

Traveling Passenger Agent Griffith, of the Missouri Pacific, is in town today in the interest of an excursion to Kansas City Sunday, May 20, at which time the Toledo and Kansas City base ball teams will play a game.

THE INCOME TAX.

Vest's Proposed Amendments Will Not Cripple the Measure.

WASHINGTON, D. C., May 8.—The amendments to the income tax in the senate have not in any way destroyed the efficiency of that measure or qualified the principles involved in it. The amendments were prepared by Senator Vest, of Missouri, and are very plain. The corporations will be called upon to pay the income tax on their net proceeds, and stockholders or bondholders of corporations that have already paid the tax in their corporate capacity will not be called upon to pay the tax as individuals. Officers, if they have incomes from other sources, as individuals, will have to pay their portion of the tax. The amendments to the bill supported by Senator Vest are direct and easy to understand.

An amendment at the end of section 62, of the original bill provides that salaries due to state, county or municipal officers shall be exempt from the income tax herein levied. This, it will be seen, only provides for state, county and municipal officers and does not exempt officers in the employ of the Federal government.

Another amendment provides that in computing the income of any person, corporation or company, there shall not be included the amount received from any corporation, company or association, as interest or dividends upon the bonds or stock of such corporation, company or association, if the tax of 2 per cent has been paid upon its net profits by said corporation, company or association as required by this act.

All the other amendments to the income tax feature of the bill relate to the administration of the act.

THE ST. CLAIR JUDGES.

Their Resignations May Not Secure Their Release.

KANSAS CITY, Mo., May 8.—There would seem to be little hope that the resignations of Judges Copenhaver, Nevitt and Lyons, of St. Clair county, will result in their release from jail. Judge Phillips was told of their resignations yesterday and was asked what effect their resignation would have on the case.

"None whatever," was the judge's reply. "Their resignations were given to Governor Stone this morning. In the event that he accepts them and commissions their successors, will the three men now imprisoned in the Clinton jail by your order for contempt be released?" "No, sir; they will not. They will stay right where they are."

Judge Phillips did not care to talk further on the matter until it was brought officially before him. The resignations of the three judges of the St. Clair county court were presented to Governor Stone in his parlor at the Coates house by Co. Clerk F. Hostetter and Pros. Attorney Wallace W. Lawton. The governor put the resignation in his pocket and declined to discuss appointments of their successors until he has time to canvass the feeling of the people in the county, though urged by the two officials to act at once. A protest from Osceola against hasty action was likewise made, for the action of the clerk and prosecuting attorney in making a secret pilgrimage to the governor has caused considerable ill feeling in St. Clair county.

A BIG FAILURE.

A St. Joseph Traveling Man Learns of the Collapse of His Firm.

The metropolitan papers this morning had the following telegram from St. Joseph: "The wholesale firm of A. M. Schuster & Co., the largest in this city and one of the largest in the west, closed their doors to-night. The amount known to be involved is \$500,000 and may go beyond that sum."

W. L. Pigg is the representative of the above firm in this territory and spent last night in this city.

This morning he went to the union depot to have his baggage checked to Lincoln, Nebraska, but found upon glancing at a St. Louis paper that his house had closed its doors.

MADE LIFE A BURDEN.

MISS G. F. CRAWFORD, of Limestone, Mo., writes: "For years I suffered monthly from periodic pains which at times were so acute as to render life a burden. I began using Dr. Pierce's Favorite Prescription. I used seven bottles in as many months and derived so much benefit from it and the home-treatment recommended in his Treatise on Diseases of Women, that I wish every woman throughout our land, suffering in the same way, may be induced to give your medicine a treatment a fair trial."

"Favorite Prescription" is a powerful, invigorating tonic and a soothing and strengthening nervine, purely vegetable, perfectly harmless. It regulates and promotes all the proper functions of womanhood, improves digestion, enriches the blood, dispels aches and pains, brings refreshing sleep, and restores health and vigor. For every "female complaint," it is the only remedy so sure that it can be guaranteed. If it doesn't cure, you have your money back.

Miss Maude Galloway, of Indianapolis, Ind., daughter of Superintendent Galloway, of the C. & H. & D., is the guest of her aunt, Mrs. Robert Lester.

W. J. Wilson, a talented young art student at the Washington university, who had been visiting his parents, Mr. and Mrs. W. S. Wilson, left for St. Louis at noon.

Col. A. B. Logan, of Warrensburg, was in Sedalia last evening, en route to Clinton to represent the Brammel heirs in the case of Brammel vs. Cole. About 3,000 acres of land are involved in the suit.

John F. Heinrichs, who deservedly bears the appellation of the "furniture king of Jefferson City," was a visitor to Sedalia yesterday with the Damon and Pythias troupe. Mr. Heinrichs is one of the capital's foremost citizens—popular and enterprising. He was accompanied by his bright little son, Milo, named for his grandfather, Judge Blair, of this city.

From China.

Miss Mary Kettering will lecture next Thursday night at the Cumberland Presbyterian church. She is said to be a very attractive speaker, witty and humorous. She will display quite an assortment of Chinese curiosities, idols, etc., which always delight her audiences.

In her talk she will speak of modes of worship, customs, schools and family life of the Chinese.

Miss Kittering lived in Peking over six years.

The lecture is free. A general invitation is extended.

Visit . .

THE GREEN HOUSE.

Every citizen of Sedalia should visit Chas. Koepfen's Green House, 1200 South Moniteau.

His stock of bedding plants is the largest and finest in the state. If you want to beautify your homes at a moderate cost, he can supply you. He makes a specialty of Decorative and Cut Flowers for Funerals, or any other purposes.

Mr. Koepfen has been solicited by a good many persons to take charge of the graves at the cemetery. If he can get sufficient names to justify him, he has decided to comply with their desire.

Please send in your names as soon as possible, or . . .

Telephone 195.

A CLASSIC PLAY

Excellent Given by the Jefferson City Knights of Pythias.

The members of Cole Division No. 31, Knights of Pythias, of Jefferson City, assisted by Misses Bessie Clark, Ray Bodenheimer and Bessie L. Henderson, presented "Damon and Pythias" at Wood's opera house last night.

This classic drama has been a favorite for lo, these many years, and has formed a part of the repertoires of Lawrence Barrett, Frederick Warde, Thos. W. Keene and other noted tragedians.

As played by Jefferson City amateur talent, it maintained its popular favor and was received with great appreciation and applause.

Damon was impersonated by A. J. Connelly in a heroic and happy manner. His physique is admirably adapted to the part and he looked every inch a handsome and haughty Roman senator. He was especially effective in his speech before the senate and in the garden scene and in the fifth act. If hushed attention and then applause are indicative of success Mr. Connelly may feel abundantly satisfied with his effort.

Wm. A. Van Rheim made a most impressive and noble Pythias. His figure is splendid, his voice is deep and musical and his action was graceful. He made a most admirable counterpart to Damon.

Dionysius was wonderfully well played by Sid A. Lindley, who, it is understood, was substituted for Mr. Chambliss. His voice is sonorous, his elocution good and his kindly bearing was all that could be desired.

The company was particularly strong in having Miss Bessie Clark as Calanthe. She is a most sweet and winsome girl, dowered with a beautiful face, a fascinating figure and a musical voice. She looked decidedly charming in her handsome gowns and was adequate to every important scene in which she appeared. Jefferson City is proud of this her gifted daughter.

Miss Ray Bodenheimer made an exquisite Roman matron. She is quite handsome and has a magnet-

ism of manner and charm of voice which are extremely captivating.

Arria was daintily played by Miss Bessie Henderson, who has little to do, but who presented her part in a wholly acceptable manner.

The Damocles of Mr. E. B. Gerlock, the Procles, of Mr. William R. Belt, the Philistius and Lucullus of Mr. G. W. Myers, the servant to Pythias by Mr. John Cowan and the child of Damon, by little Stella Wagner, were all good.

The Jefferson City orchestra furnished excellent music between the five acts.

The large audience will long remember its Thespian friends at the capital and their interesting visit to Sedalia.

CIRCUIT COURT.

The Bank Statements.
The DEMOCRAT today publishes the official statements of Sedalia's three popular national banks—the Third, the Citizens' and the Sedalia National. These statements show the banks making them to be in most excellent condition, a result of the wise and judicious management of careful and painstaking financiers. No city anywhere has more solid and safe financial institutions. The statements speak for themselves and the showing is highly creditable to the city.

The condensed statement of the People's Bank also appears in this issue, and that too is most encouraging to all business men who are interested in the financial prosperity of the city. This bank, though young in years, has been in the hands of able, careful financiers, and the showing is one that should be as agreeable to the stockholders as it is encouraging to the community and flattering to the active managers.

Sedalia is proud of her banks and she refers to their statement as positive proof of the stability of her business circles.
